Environmental Projects

At Gloria Hotels in Antalya, we aim to offer our guests an unforgettable holiday experience by blending luxury and comfort with nature, while also maintaining the highest level of sensitivity and sustainability towards the environment. The preservation of nature and the environment are fundamental values for Gloria, and we reflect these values through a series of impressive environmental projects across our hotels.

Gloria Hotels embraces various ecosystems, protecting different plant and animal species, and pays great attention to the preservation of natural diversity. By protecting the living and breeding areas of the Caretta Caretta turtles on our premises, we contribute to the continuation of this rare species. Similarly, the lake at Gloria Golf Club serves as a natural habitat for fish, while the drip water system in the golf courses and gardens saves water and electricity.

Throughout Gloria Hotels, energy-efficient bulbs and LED lighting systems provide energy efficiency, while the use of efficient towels on the beach and in rooms helps reduce water consumption. We show sensitivity to water resources by preferring ozone disinfection instead of harmful chlorine chemicals in disinfection processes.

Gloria Hotels is prepared for forest fire risks with fully equipped firefighting vehicles, thus protecting natural areas and the environment. Additionally, through the Gogi Kids Club, we organize activities that introduce nature to children, the adults of the future, instilling environmental awareness in them.

One of Gloria's standout projects is the Gloria Zoo and Gloria Plant Hospital. These facilities protect local and rare animal species, supporting their livelihoods. The Gloria Plant Hospital also actively works to propagate plants in the hotel garden and manage harmful plants in a controlled manner.

While providing unforgettable holiday experiences to our guests at Gloria Hotels, we consider the preservation of the natural environment and diversity as our primary duty. By embracing sustainability principles and prioritizing environmental projects, we commit to leaving a clean, healthy, and diverse world for future generations.

Art Projects

For those who want to feel the creative touch of art at every moment of life, meet different perspectives, and step into the colorful world of contemporary art, Gloria Hotels offers an extraordinary experience with the GloriArt project. GloriArt combines the power and meaning of art with a unique accommodation experience, supporting artists and creating an inspiring atmosphere for art-loving guests.

GloriArt is a special project centered around contemporary art. Its goal is to bring together selected works, introduce guests to art, and provide support to promising artists. By creating a platform for artists working across a wide spectrum from painting to sculpture, ceramics to mosaic, it presents the diversity and richness of art to guests wanting to spend an unforgettable holiday in Antalya. Hosting personal and group exhibitions, GloriArt allows artists to display their works on an international platform. This enables artists to share their creativity with a broader audience and present their works in a more expansive art environment. The GloriArt project of Gloria Hotels not only contributes significantly to the careers of artists but also enhances the social impact of art.

The GloriArt project focuses not only on artists and art enthusiasts but also aims to add value to society. A portion of the revenue from every sold piece is donated to the Turkish Special Athletes Association, at a rate determined between Gloria Hotels management and the artists.

The Turkish Special Athletes Association supports the inclusion of children with special education needs within the framework of equality. The donations made demonstrate that art goes beyond being merely an aesthetic experience, embodying a meaningful example where it meets social responsibility awareness.

The GloriArt project by Gloria Hotels is a special opportunity designed to transform your holiday into an unforgettable art-filled experience. We invite everyone who wants to explore the depths of art and contribute to a social cause to this unique experience. Embark on a journey that nourishes both you and society with GloriArt, and collect wonderful memories in the magical atmosphere of art.
